DAMAGE TO EVAGOLD SHOPPING CENTRE DUE TO LOOTING

Shareholders will be aware of the violence and looting currently affecting large parts of South Africa, particularly Gauteng and Kwazulu-Natal.

Despite precautionary measures, Tower's Evagold Shopping Centre in Gauteng has been significantly damaged as a result of being looted and then set on fire.

As the situation remains volatile the full extent of the damage has not been finally assessed. However, the property is fully insured from both a capital and income perspective. No other Tower properties have been affected by the unrest.

Further information will be provided to shareholders when available.
